THE BATHING
POOLS
THE HEART OF LA VALLETTE

The Bathing Pools and café at La Vallette

About us

Vive La Vallette operates this community café on a not-for-profit basis.

We are a Guernsey charity that formed in 2019 to regenerate the facilities serving the pools.

From the outset our aim was to develop the facilities at La Vallette bathing pools into a thriving community space. We want our café to offer great hospitality and a safe and welcoming environment that encourages social interaction and enriching activities that support the physical, mental and emotional health of all that come here.

If you want to learn more about what happens here or support the charity's ongoing work, please ask a team member, go to our website or make contact via email.

E: contactus@vivelavallette.com

La Vallette bathing pools are Victorian era intertidal structures. The pools are filled by the sea twice a day at the higher tides and, as the tides drop, they provide a calm swimming area for the public to enjoy.

Run on a not-for-profit basis by the Vive La Vallette LBG charity
